IMPRESSION OF
GLAZED-LIKE
SURFACE, LIKE
SHINY STUCCO.

Interim Summary. Impressions of a facade
tall, flat-faced structure, it has
a "hump" on slightly rounded top, which
has a "lip" ~~border~~ along the top. There
is another curved "lip" above what appears
(AOL) to be a door. The ~~for~~ color of
the structure is white w/ brown shadows,
and it has a ~~flat~~ stucco-looking wall texture
which feels like it has a "glazed" surface.
